

Global Telehealth

Get advice, anytime, anywhere

When you don't feel well you want to get better fast. Through this service, you have the opportunity to speak with licensed doctors around the world – by phone or video – to discuss your symptoms and the best next steps for you. You can schedule an appointment from anywhere in the world, 24 hours a day.

What else can I use global telehealth¹ for?

- **Phone and video consultations** with a licensed doctor
- **Prescriptions** for common health concerns, when medically necessary and permitted²
- **Treating non-urgent medical conditions** like fever, rash, pain and more
- **Making preparations** for an upcoming consultation
- **Discussing** a medication plan and potential side effects

How does it work?

1	2	3
Request an appointment. 	Speak with a doctor. 	Feel better. 
To request an appointment with a doctor anytime, almost anywhere, 24/7.	Your initial global telehealth consultation will be with a general practitioner (GP) by phone or video.	When necessary, a prescription will be sent to you to take to your local pharmacy. ²

If the GP feels that you should speak with a specialist, the GP will schedule another telehealth appointment with a Teladoc⁴ network specialist.

Teladoc Global Health Complete App

Avoiding crowded hospitals and doctors offices can help protect you from infection. Wherever you are, you and your covered dependents have access to services and support to help you with every dimension of your health.

Click on iOS or Android buttons or scan QR codes to download³

How to use the Teladoc Global Health Complete app:

1 Download the Global Health Complete app in the App store or Google play

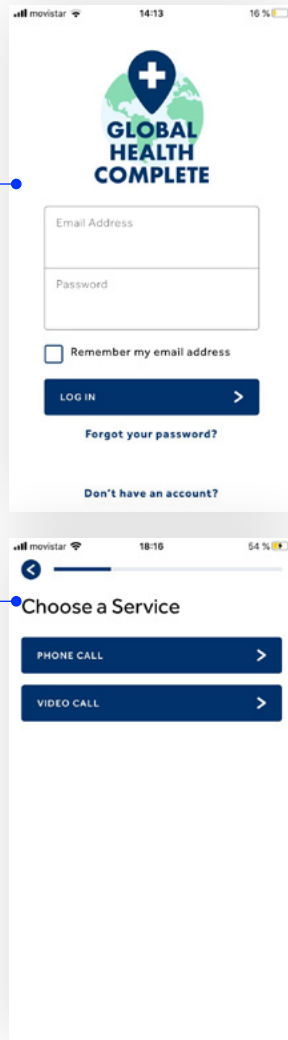

2 **New users:**
Select 'Don't have an account?' and follow the on-screen prompts to register. When asked for your access code, enter code⁵

Returning users:
Once registered, you can use your username and password to log back in any time

3 On the Home page, select either 'Request a video consultation' or 'Request a phone call' and follow the prompts to request your consultation

4 At the time of your consultation, go to the Appointments page and select 'Start video call' or 'Call in' to connect with your doctor

5 For assistance with the app or your account, go to the Help & Settings Page and select 'Help Center'

The service provides you with access to over 110 board-certified doctors based in locations around the world.

These health care professionals:

- Include internal medicine physicians, gastroenterologists, orthopedic specialists, mental health specialists and pediatricians
- Have an average of 10 years of clinical experience
- Can write a prescription when necessary and permitted
- Are available from anywhere around the world
- Offer services in the following languages:
Video: English and Spanish
Telephonic: Offered in multiple languages, which may include: English, Arabic, Cantonese, French, German, Hindi, Hungarian, Japanese, Korean, Malay, Mandarin, Polish, Portuguese, Spanish, and Thai.

Why is global telehealth such a valuable service?

Affordability. It's an alternative to doctor office or clinic visits – with no deductibles or coinsurance payments.

Convenience. There's no need to leave the house or your workplace.

Around the clock access. That's 24/7/365 access to a top doctor, usually within 24 hours (time can fluctuate depending on language preference).

1. Telehealth services are an optional program offered to you by your employer. Telehealth services may not be available in all jurisdictions. Terms and conditions may apply. 2. Not all prescription drugs are covered and prescriptions are not guaranteed to be written. 3. The Apple logo is a trademark of Apple Inc., registered in the United States and other countries. App Store is a service mark of Apple Inc. Android and Google Play are trademarks of Google Inc. 4. Cigna HealthcareSM offers global telehealth in partnership with Teladoc. All doctors are licensed in the countries where they practice medicine and are fully qualified and trained to provide this service. 5. All dependents age 18 and over must create their own account.

Telehealth services may not be available in all jurisdictions. In general, to be covered by your plan, services must be medically necessary and used for the diagnosis or treatment of a covered condition. Not all prescription drugs are covered and prescriptions are not guaranteed to be written. Providers are solely responsible for any treatment provided and are not affiliated with Cigna Healthcare. Not all providers have video chat capabilities and video chat may not be available in all areas. Telehealth providers are separate from your health plan's provider network.
